

Thank you for coming !
And thank you to our organisers !

eGenie Forum – why and what ?

- Digital Waves 4.0 – Tides are changing, be the change, Make wave – not waste.
- Some current industry challenges:
 - Quite oldfashioned/analogue industry
 - Fragmented – players and geography
 - Small part of a vessel spend
- Savings versus product and process cost vs split orders and last mile cost
- Legacy Systems versus cost to quote
- Crew expectations vs ‘returns’

eGenie Forum – why and what ?

- Addressing the current fragmentation and vacuum
 - For the industry, by the industry, with the industry
 - Not for profit, membership based
 - Advancing standards and change readiness
- Agreed standards for: Document, Process, Product
 - UOM
 - Formats for interchange
- Enabling:
 - eCatalogues
 - Proper comparisons
 - Process cost reductions
 - Crew expectations met
